Chilari Victor - CV

Front-end developer, React

From Moldova

Tools

JavaScript (ES6+), React, Redux, CSS3, SCSS, Ant-designe, Bootstrap, Material UI, Git.

Work experience

02/2021-
present

Intern, React developer @ Cedacri International

▼ Stack

React, Redux

Bootstrap

i18n

Development of an internal product for the management of processes related to development (which I understood based on the functionality with which I interacted).
I interacted directly with the back-end team of 3-5 people.

Experience:

- Improved my communication skills

- Gained real work experience on a project that the business uses

Other activities

21/12/2020-
25/12/2020

Front-end dev at hackaton from Syberry Academy
Post with announcement: https://bit.ly/3pMnbPQ
Our work: https://github.com/ilitAlex/Syberry-Winter-hackathon

▼ Stack

React

TypeScript

CSS3

Personally, I gained a specific experience of teamwork, foreign people, different level of knowledge, but with a common goal - to advance in a short period of time.
The project was not finished, but I strengthened my knowledge in the use of some features from React, I saw how others think, and what you have to do to settle the quarrel in the team.

Education

09/2019-
05/2022

State University of Moldova

Licentiate degree, Computer science

Studied: C & C++; Assembler x86; SQL; Prolog; PHP; Wolfram Mathematica; Algorithms, Data Structures and Complexity; and others :)

Thesis of the year: https://bit.ly/3cDe92o

▼ Stack

React

TypeScript

Material UI

Express (for Node.js)

Mongoose (for MongoDB)
